Description

Van Iperen International is a Dutch producer of Specialty Fertilizers and Biostimulants for fertigation and foliar application. At Van Iperen International, we are eager to change the rules of the game in plant nutrition providing innovative solutions to growers for a more sustainable agriculture. Together with our dedicated team of agronomists and sales experts, we adapt formulas to all relevant crops and local conditions.

As a company focused on the key elements of plant nutrition -Water Use Efficiency (WUE), Nutrient Use Efficiency (NUE), and Biostimulation- we brought growers closer than ever to the products they demand. We listen and deliver.
